

FUNDING PRIORITIES FOR 2020

Humanitarian
Aid Relief Trust

Each year, HART is committed to securing funds for our partners. One way of achieving this is by sending a project proposal to an external funder. To help us do this efficiently, please provide your top 3 funding priorities for 2019, with a short description for each and budget. If possible, **please try to vary the budgets so that there is a smaller project (up to £5000/\$6000), medium project (£15,000/\$18,000) and larger project (£50,000/\$62,000).**

This information will help us plan our fundraising activities for 2019 and give us the best chance of raising funds for your organisation, but we cannot guarantee success.

Emergency Funding

We also understand that sometimes emergency funding is required and encourage you to get in touch with HART. We are often only able to apply to one or two emergency funds a year so please appreciate that we often have difficult choices to make.

Partner name: NSCC

PRIORITY 1
